BRAD DAVIS

All the guys want to live in Frat House One, and for good reason. The top grades of any house on fraternity row, a reputation for producing great athletes, and the best parties attracts all the top jocks.

Like Brad Davis, the 19-year-old pledge from Nebraska who comes back from classes every afternoon, pulls off his boots, jacket and levis, and works off his daily load. Curly-haired, smooth bodied, and built like a farm hand, he pulls on a jock-strap, greases up with baby oil, and works that farm fresh load right up and out all over his washboard stomach. He knows it'll be awhile before the other guys come in, so he rubs the cum all over his chest and then curls up for a mid-afternoon nap.

Meanwhile, upperclassman Don Bishop finishes his daily run and is just as horny as the pledge asleep upstairs. He pulls down his shorts and his runner's dick springs to attention just as a well-build handyman shows up with his toolbox and a tool in his pants that needs working on.

First the handyman eats out Don's smooth-cheeked ass before the runner, still wearing his tennis shoes, sits on the handyman's tool and doesn't jaw deep knee bends on it. After a little bang, Don gets that tool up his ass again and gets the cum fucked right out of him and all over his rippled stomach. Then the handyman shoots his own heavy load all over the frat man he's just screwed!

Freshman Jeff Green likes to forget studies at the end of the day by working out with weights, but pumping iron invariably makes Jeff want to pump his meat. While laying on the bench press, the smooth bodied freshman peels off his gym trunks, rubs baby oil over his tightly-muscled body, and really forgets studies. He [illegible] his jock cock and gets off by his body until he shoots his [illegible] load all over his hand and down onto his rock-hard [illegible].

Fraternity [illegible]s grow close to one another living together, and [illegible] them even become as close as the three getting it on while the other guys in Frat House One are asleep. On the weekend they'll fuck their chicks and drink beer, but right now the only thing on their minds is cock and ass! They take turns sucking each other's dicks, but these studs know from experience there's one thing tighter than a [illegible] and they [illegible] no time getting to the good stuff. And before the [illegible] three more jocks are spit in Frat House One.
